RESTRICTS USE OF ELECTRIC POWER

Due to the seasonal reduction of water supply, the power distribution committee of the Sofia district requests strict observance of the following rules, as of 30 October: all socialized enterprises and factories, people's soviets, cooperatives, and private establishments supplied by the Sofia power system, including the power installations of the Sofia People's Soviet and of the Mezdra and Plovdiv power net supplied by the Sofia power system, may not use any electric power between the hours of 1700 and 2100 on any workdays.

The same restrictions will be applied to enterprises and factories in the following okoliya: Gorna Dzhumaya, Marek, Kyustendil, Radomir, Dimitrov, Breznik, and Trun, as well as in the following villages located in Sofia Okoliya west of the Sofia-Varna railroad line: Nadezhda, Vrubnitse, Momkova hamlet, Iliyantsi, Obelya, Moderno suburb, Chokhad suburb, Knyazhevo, Krasno village, Ovcha Springs, and Pavlovo. Enterprises of these localities will be divided into four groups, which will be restricted to using power according to the following schedule: mills and oil-extracting plants, on Tuesdays; fodder and forage mills, on Wednesdays; carding and combing machines, on Thursdays; and forging plants, lumber mills, any other enterprises not mentioned in the list, on Fridays.

It is also forbidden to use electricity for domestic purposes on any workday between the hours of 1700 and 2100 in all localities supplied by the Sofia power system, regardless of any directives issued prior to the present order.
